If the Applicant's circumstances change during the Project Period such that the Applicant no longer satisfies the Program Eligibility Requirements, then the Applicant shall promptly provide Notice to Alberta Innovates of the change;

(f) if there are any individual Applicant employees or contractors identified in the Application or in Schedule A or Schedule B as providing services for the Project: (i) ensure its dealings with such individuals are not prohibited by any Applicable Laws including any Anti-Bribery, Anti-Corruption and Sanctions Laws or Export Control Laws; (ii) assign such individuals to the Project, or otherwise enable such individuals to perform their respective roles in the Project, and (iii) promptly provide Notice to Alberta Innovates if such individuals terminate or change their relationship with the Applicant such that they are no longer performing their agreed roles on the Project;

(g) if the Applicant is a Post-secondary Institution, comply with its applicable internal policies including any applicable policies on research ethics;

(h) if and to the extent that any such taxes are payable, it will properly account for, collect, and remit to the appropriate taxing authorities all taxes incurred in undertaking the Project, Including any GST. For clarity, there is no GST payable on payment or receipt of the Investment itself; and

(i) if the total Project Costs decrease, promptly provide Notice to Alberta Innovates. Alberta Innovates may Elect to adjust its Investment pro-rata in accordance with such decrease.

3.2 Applicant Commitment to Comply with Laws

(a) it is aware of and will comply with all Applicable Laws, Including all applicable Anti-Bribery, Anti-Corruption and Sanctions Laws and Export Control Laws;

(b) it will not use any of the Investment, or any deliverables, products or outcomes arising from the Project including Intellectual Property, for the benefit or advantage (directly or indirectly) of any Person with whom dealings are prohibited by any applicable Anti-Bribery, Anti-Corruption and Sanctions Laws or Export Control Laws; and

(c) it is not presently aware of any request from any Person to utilize the Investment or the anticipated outcome of the Project Including Intellectual Property in a manner prohibited by any applicable Anti-Bribery, Anti-Corruption and Sanctions Laws or Export Control Laws, and it shall immediately advise Alberta Innovates should such request materialize, both during and after the Term of this Investment Agreement.

3.3 Stacking Limit

If the Program Guide, Schedule A or Schedule B contains any government funding stacking limitation or restriction applicable to the Project ("Stacking Limit"), then the Applicant shall comply with such Stacking Limit. If there is such a Stacking Limit, then:

(a) for the purposes of monitoring the Stacking Limit, the Applicant shall disclose to Alberta Innovates all funding assistance received from any government body for the Project ("Government Funding") both before the Effective Date and throughout the Term; and

(b) if the total amount of Government Funding received by the Applicant, Including the Investment, is in excess of the Stacking Limit at any time during the Term, Alberta Innovates may Elect to unilaterally reduce the Investment such that the Stacking Limit is not exceeded, or to reclaim any portions of the Investment paid in excess of the Stacking Limit. Alberta Innovates will provide prompt Notice to the Applicant of any such reduction or reclamation.

3.4 Applicant Contribution

If any Applicant Contribution amount is specified in Schedule B ("Applicant Contribution"), the Applicant shall contribute such Applicant Contribution solely towards the Project Costs. Any in-kind contributions (such as goods and services) towards the Applicant Contribution will only be recognized as eligible when they are not

part of the Applicant's ordinary course of business costs, are directly attributable to the Project, documented, and easily auditable, and are either set out in Schedule B or otherwise approved by Alberta Innovates in writing.

3.5 Funding Partners

If the Applicant has sought, been approved for, or obtained, funding or grants for the Project from any third-party funding agencies, then such funding and agencies shall, to the extent known prior to submitting the Application, be described in the Application, and to the extent known prior to the Effective Date, be described in this Investment Agreement and in the Workbook (if there is a Workbook for the Project on the Portal).

Funding agencies that have entered written commitments with the Applicant to fund, or have actually funded, the Project shall be deemed to be Funding Partners under this Investment Agreement. The Applicant shall promptly provide Notice to Alberta Innovates of any changes in funding or any new funding it receives from such Funding Partners, including any default under or termination of such funding arrangements.

In addition, if Alberta Innovates anticipates receiving, or has obtained, funding for some or all of the Investment from a third-party funding agency, then Alberta Innovates shall provide Notice to the Applicant identifying such third party, or shall identify such third party in the Program Guide, Schedule A or Schedule B. Funding agencies that have entered written commitments with Alberta Innovates to fund, or have actually funded, Alberta Innovates with amounts that will form any part of the Investment shall be deemed to be Funding Partners. For clarity, the addition of a Funding Partner does not change the rights and obligations set out in this Investment Agreement.

3.6 Use of Sub-Contractors

If the Applicant requires the use of a Sub-Contractor in order to adequately complete the Project, a collaboration letter, contract or agreement between the Applicant and the Sub-Contractor must be in place prior to the Applicant proceeding with any Milestone which requires assistance from the Sub-Contractor. Applicant shall: (a) identify the Sub-Contractor to Alberta Innovates; (b) provide a copy of such Sub-Contractor agreement to Alberta Innovates upon request, and on a strictly confidential basis; and (c) ensure that dealings with the Sub-Contractor are not prohibited under any Applicable Laws including any Anti-Bribery, Anti-Corruption and Sanctions Laws or Export Control Laws. Alberta Innovates may request the Applicant to provide evidence that it has paid the Sub-Contractor for such services.

If the Applicant is using a Sub-Contractor: (aa) nothing in this Investment Agreement creates any employment, contract, agency relationship, or other direct or indirect, relationship of any kind between Alberta Innovates and such Sub-Contractor; and (bb) the Applicant shall be solely responsible for all work, acts, claims, defaults and liabilities relating to the Sub-Contractor.

3.7 Surveys

The Applicant shall complete surveys in a timely manner, on a Template to be provided from time to time by Alberta Innovates or by a trusted Alberta Innovates vendor assisting with the survey process, both during the Term and for up to five (5) years thereafter ("Survey"). In addition, if Schedule A specifies additional survey requirements, the Applicant shall also comply with such requirements.

3.8 Interest and Investment

This Section does not apply if the Applicant is a Post-secondary Institution, a Regional Innovation Network, a municipality, or part of the Government of Canada or the Government of Alberta Including any ministry, department, agency, or Crown corporation.

For all other Applicants, if any portion of the Investment is paid to the Applicant before it is to be spent on Eligible Expenses, the Applicant shall hold or invest such funds in accordance with the Trustee Act (Alberta) requirements for Trustee investments, notwithstanding that the Applicant would not be a trustee. That is, the Applicant shall avoid undue risk, having regard to the Parties' intention that the Investment be used to fund the Project.

For clarity, there is no obligation for the Applicant to hold the funds in trust or in a separate bank account, or for it to account to Alberta Innovates for any interest or returns. The Applicant shall make reasonable efforts to apply any interest and other returns earned on such funds towards Project Costs.

3.9 Advisory Committee

If the Project is being conducted pursuant to one of the Clean Resources Programs, then to better monitor the Project between Milestones and facilitate providing timely feedback, Alberta Innovates may require the Applicant to establish an advisory committee for the Project. The advisory committee shall consist of one or more representatives appointed by each of the Parties and shall meet as often as Alberta Innovates deems appropriate. The advisory committee is intended as an informal forum for discussion, dialogue, and sharing of information between Milestones, and will not direct or steer the Project. The Applicant is solely responsible for managing the technical, financial, governance, risk, compliance, and all other aspects of the Project.

3.10 Changes to Principal Investigators

If the Applicant is a Post-secondary Institution and if the Application identified a Principal Investigator, the Applicant shall promptly provide Notice to Alberta Innovates if the relationship between the Applicant and the Principal Investigator is changing or terminating for any reason such that the Principal Investigator will no longer be leading the Project.

If the Applicant's internal policies and arrangements with the Principal Investigator would allow it to appoint a different Principal Investigator, then the Applicant may seek Alberta Innovates' approval for such appointment in accordance with the Changes and Review Procedure in Article 6.

If the Applicant is aware that the Principal Investigator is entering a substantively similar relationship with another Post-secondary Institution, and provided that the *Freedom of Information and Protection of Privacy Act* (Alberta) would permit such disclosure, the Applicant shall promptly provide Notice to Alberta Innovates of such new relationship. If so requested by Alberta Innovates in its sole discretion, the Applicant shall thereafter take reasonable steps to facilitate the assignment of this Investment Agreement to such new Post-secondary Institution such that the Principal Investigator may continue to pursue the Project.

ARTICLE 4 - INVESTMENT BY ALBERTA INNOVATES

4.1 Investment by Alberta Innovates

Provided that the conditions set out in Section 4.2 have been met, Alberta Innovates agrees to provide the Applicant with a contribution to the Project not exceeding the total Alberta Innovates Contribution Amount set out in Schedule B ("Investment").

The Investment shall be paid:

- (a) in accordance with the dates and details set out in Schedule B; and
- (b) provided that the Applicant's bank account is in Canada and the Applicant has provided its electronic direct deposit instructions, to the Applicant by way of electronic direct deposit to the Applicant's bank account. If the Applicant has failed to provide its electronic direct deposit instructions, or its bank account is not in Canada, then the Investment shall be paid by cheque payable to the Applicant to the address for contract matters indicated on the Applicant's signature page.

4.2 Conditions of Investment

Alberta Innovates' obligation to pay the Investment, or any portion or installment thereof, is conditional on:

- (a) Alberta Innovates receiving its anticipated funding from the Government of Alberta;
- (b) if Alberta Innovates anticipates receiving any funding from Funding Partners who have agreed to provide funding to Alberta Innovates and which funding Alberta Innovates intends to apply towards the Investment, Alberta Innovates receiving such anticipated funding;

- (h) the Project being completed by the Project Completion Date; and

(i) if any Applicant Contribution is required, the Applicant paying such Applicant Contribution towards the Project Costs.

4.3 Payment Frequency

4.4 Source of Investment

If the Applicant is part of the Government of Canada, Including any federal ministry, department, agency or Crown corporation, Alberta Innovates confirms and warrants that:

(a) its cash contribution to the Applicant under this Agreement does not include money Alberta Innovates has received or will receive directly or indirectly as transfer payments from the Applicant or any other department or agency in the Government of Canada; and

(b) its in-kind contribution to the Applicant under this Agreement (if any) does not comprise goods or services which are purchased or otherwise obtained using funds Alberta Innovates has received or will receive directly or indirectly as transfer payments from the Applicant or any other department or agency in the Government of Canada.

4.5 Currency

The Investment is expressed and shall be paid in Canadian dollars, and in accordance with the payment schedule set out in Schedule B.

If exceptional circumstances exist such that Alberta Innovates has in its sole discretion specifically agreed in writing to remit payments in a foreign currency, the Investment shall be converted to the agreed foreign currency at the exchange rate in effect at Alberta Innovates' bank on the day that Alberta Innovates remits payment.

4.6 Applicant Debts

Alberta Innovates reserves the right to withhold payment of any portion of the Investment if the Applicant incurs a debt to Alberta Innovates or its affiliates InnoTech Alberta Inc. or C-FER Technologies (1999) Inc. This Section includes debts related to any agreements, projects or relationships between Alberta Innovates or its affiliates and the Applicant.

4.7 Required Reporting Metrics

Alberta Innovates will make reasonable efforts to:

(a) communicate any Required Reporting Metrics to the Applicant as early as reasonably possible by posting them on the Alberta Innovates website or Portal or emailing them to the Applicant. In some cases the Required Reporting Metrics may be included in Schedule A, or in the Program

Guide or the Workbook (if any), as they may be amended from time to time; and

(b) provide reasonable advance notice and time to the Applicant to complete any Required Reporting Metrics before the relevant Expected Payment Date.

Notwithstanding the above, the Parties acknowledge that from time to time the Government of Alberta or the Funding Partner (if any) may require Alberta Innovates to meet new metrics requirements which could include retrospective data and/or short metrics timelines and that if that happens, Alberta Innovates will be obliged to impose corresponding new Required Reporting Metrics requirements and/or short timelines on the Applicant.

ARTICLE 5 - REPORTS

5.1 Templates

The Applicant shall use Templates provided by Alberta Innovates to comply with its Required Reporting Metrics, Reports obligations, and with the Survey requirements.

Because the Reports may contain technical or proprietary information about the Project or the Applicant, the Templates will specify when a section will be considered non-confidential. The content of sections that are marked as non-confidential can be disclosed in the public domain. All other sections will be considered confidential, and thus can only be disclosed to the Government of Alberta and to Funding Partners, if any, in confidence, but to no other party.

5.2 Right to Reject or Request Amendments to Reports and Presentations

Alberta Innovates may Elect to reject, or to request revisions to, any Required Reporting Metrics or to any of the Reports, upon Notice to the Applicant advising of the reason for refusing approval and/or requesting revisions. For clarity, if Schedule B specifies any payment as due following Alberta Innovates' receipt of a Report, that means a Report that is accepted and approved by Alberta Innovates.

5.3 Obligation to Provide Summary Report after Early Termination

In the event this Investment Agreement is terminated before the Project Completion Date pursuant to Article 7, the Applicant will not be obligated to deliver the Final Report, but shall provide to Alberta Innovates a summary report summarizing the outcomes of the Project up to the effective date of such termination ("Summary Report"). Such Summary Report shall be delivered not later than ninety (90) days from the date of termination, and shall be on the Template provided by Alberta Innovates.

5.4 Reports do not Constitute Taxable Supply

Alberta Innovates requires the Applicant to submit Reports to ensure accountability and to validate that the Investment was spent as agreed upon. Accordingly, and because Alberta Innovates' Investment is made for a public purpose and in the public interest, such Reports do not constitute a taxable supply or "consideration" in return for a transfer payment for the purposes of the *Excise Tax Act* (Canada).

ARTICLE 6 - CHANGES AND REVIEW PROCEDURE

Alberta Innovates expects the Applicant to fulfill the Project as described in the portions of the Application that were approved by Alberta Innovates and in this Investment Agreement, and to set reasonable Milestone Start Dates and Milestone End Dates, anticipating times during the Project Period when setbacks or unavoidable delays may occur. Should an unforeseen exceptional circumstance arise whereby it is not possible to meet the deliverables or deadlines set out in any Milestone, or whereby the Applicant may desire Alberta Innovates to approve a material change to the Project, the Applicant may request a change or amendment to this Investment Agreement by contacting Alberta Innovates' representative for project matters set out in Article 12 Notices no later than two (2) weeks prior to the next Milestone End Date. Depending on the nature and extent of the requested Project change, Alberta Innovates may require the Applicant to complete and provide a formal scope change request on an Alberta Innovates Template before Alberta Innovates will consider the request.

Examples of Project change requests that require approval from Alberta Innovates include the following:

- (a) an increase or decrease in the Investment associated with a particular Milestone, or the Project as a whole;
- (b) a material change in the scope of the Project;
- (c) a change in a Milestone Start Date or Milestone End Date (irrespective of any impact on the Project Completion Date);
- (d) acceptance of a Change of Control of the Applicant (unless the Applicant is a Post-secondary Institution, the Alberta Centre for Advanced MNP Products (ACAMP), a municipality, or part of the Government of Canada or Government of Alberta including any ministry, department, agency, or Crown corporation, in which case no amendment is required regarding a Change of Control);
- (e) if the Project is being conducted pursuant to one of the Associates Programs or Voucher Programs, the appointment of a different Associate or Service Provider, respectively;
- (f) if the Project has a Principal Investigator, and if the Applicant's internal policies and arrangements with the Principal Investigator would allow it to appoint a different Principal Investigator, the appointment of a different Principal Investigator;
- (g) a change in funding from a Funding Partner; or
- (h) any other material changes as determined by Alberta Innovates.

Upon review of the change request, Alberta Innovates may Elect to approve, decline, or request further information concerning the requested change. Depending on the nature and extent of an approved Project change, Alberta Innovates may require the Parties to execute a formal amendment to this Investment Agreement to document the Project change. If Alberta Innovates determines that a formal amendment is not required, it may simply issue Notice to all Parties that: (i) the requested Project change, a new Schedule A or Schedule B, or a new Associate, Service Provider or Principal Investigator has been approved; or (ii) if there is a Workbook for the Project on the Portal, that the Workbook has been amended; as the case may be.

Should a change be approved by Alberta Innovates, the remainder of this Investment Agreement shall remain in full force and effect unamended.

ARTICLE 7 - TERMINATION

7.1 Termination for Changes to Government of Alberta Funding

Notwithstanding any other term of this Investment Agreement, Alberta Innovates may Elect to terminate this Investment Agreement effective immediately upon providing Notice to the Applicant if at any time the Government of Alberta suspends, revokes, reduces or terminates funding to Alberta Innovates. Depending on the Program, Government of Alberta funding may Include funding from the Ministry of Technology and Innovation, Economy and Innovation, the Ministry of Advanced Education, or any other ministry, agency or department.

- (c) at any time the Applicant's grant or funding agreement with the Funding Partner is suspended, cancelled, terminated, lapsed, or amended in a manner adverse to the Applicant including a reduction of the anticipated funding;

then the Applicant shall provide prompt Notice of such circumstances to Alberta Innovates, and Alberta Innovates may Elect to terminate this Investment Agreement effective immediately upon providing Notice to the Applicant.

7.4 Termination Without Cause

Notwithstanding any other terms of this Investment Agreement, Alberta Innovates may terminate this Investment Agreement at any time without cause by providing thirty (30) days' Notice to the Applicant, and

This Section does not apply if the Applicant is a Post-secondary Institution, the Alberta Centre for Advanced MNP Products (ACAMP), a municipality, or part of the Government of Canada or Government of Alberta including any ministry, department, agency, or Crown corporation.

For all other Applicants, if the Applicant undergoes a Change of Control, Alberta Innovates may Elect to terminate this Investment Agreement effective immediately upon providing Notice to the Applicant. 7.7 Termination for Departure of Associate, Service Provider or Principal Investigator

If the Project is being conducted pursuant to one of the Associates Programs or Voucher Programs, or if the Applicant is a Post-Secondary Institution and the Application identified a Principal Investigator, and:

- (a) the Applicant's relationship with the relevant Associate, Service Provider or Principal Investigator, as the case may be, changes or terminates for any reason, such that such Person will no longer be engaged as agreed on the Project; and
- (b) either the Applicant did not seek approval for the appointment of a new Associate, Service Provider, or Principal Investigator, as the case may be, under the Changes and Review Procedure in Article 6, or the Applicant did seek such approval but Alberta Innovates did not grant such approval;

then Alberta Innovates may Elect to terminate this Investment Agreement effective immediately upon providing Notice to the Applicant.

7.8 Termination for Loss of Program Eligibility Status

If the Applicant's circumstances change during the Term such that the Applicant no longer satisfies all the Program Eligibility Requirements (if any), then Alberta Innovates may Elect to terminate this Investment Agreement effective upon providing twenty-four (24) hours Notice to the Applicant.

7.9 Termination after Rejected Change Request

If Alberta Innovates rejects any request by the Applicant for a change under the Changes and Review Procedure in Article 6, the Applicant may either elect to proceed with the Project as previously approved by

Such termination is effective immediately upon one Party providing Notice thereof to the other Party.

7.11 Termination if Required by Canadian Government Funding Partner

If the Canadian Institutes for Health Research (CIHR), the Social Sciences and Humanities Research Council of Canada (SSHRC), or the Natural Science and Engineering Research Council of Canada (NSERC) (each a "Canada Funding Partner") is a Funding Partner, and if such Canada Funding Partner requires the Applicant to terminate the participation in the Project of one of the other Funding Partners (if any) or of Alberta Innovates for reasons of national security, criminal sanctions, or compliance with Canadian federal laws, then the Applicant must provide prompt Notice of such termination and a copy of the communication from the Canada Funding Partner necessitating such termination to Alberta Innovates and such other Funding Partner.

ARTICLE 8 - REIMBURSEMENT AFTER EARLY TERMINATION

8.1 Limited Reimbursement after Early Termination

If Alberta Innovates terminates this Investment Agreement early pursuant to Article 7 for reasons other than the Applicant's Default, then provided that the Applicant used reasonable efforts during the Project Period to ensure that any financial commitments made by the Applicant could be terminated immediately upon receipt of notice of termination to ensure the liabilities created pursuant to this Investment Agreement are reduced to a minimum, the Applicant shall be entitled to be reimbursed for:

- (a) Eligible Expenses legally incurred prior to the date of termination. For clarity, Alberta Innovates will have no liability or obligation to reimburse the Applicant for any Eligible Expenses incurred after the effective date of termination; and
- (b) all reasonable direct costs incurred in winding down the Project, which costs will include actual non-cancellable, legal commitments made by the Applicant, as proven by the Applicant and approved by Alberta Innovates.

Notwithstanding anything else, under no circumstances will Alberta Innovates' total remittances and reimbursements exceed the amount of the Investment.

ARTICLE 9 - APPLICANT REPAYMENT

9.1 Repayment Obligation After Applicant Wrongdoing

If there has been some form of wrongdoing by the Applicant, Alberta Innovates may Elect to require the Applicant to repay (and when Alberta Innovates does so require, the Applicant shall repay) any or all portions of the Investment paid to the Applicant. Examples of such wrongdoing could include:

- (a) the Applicant incurs a Default, including spending any portion of the Investment on Ineligible Expenses;
- (b) the Applicant terminates or stops work on the Project prior to the earlier to occur of the Project being completed or the Project Completion Date; or
- (c) Applicant's egregious behaviour (as determined by Alberta Innovates in its sole discretion).

The Parties acknowledge that Alberta Innovates may first discover a Default giving rise to a repayment obligation during an Audit during the Retention Period.

For clarity, provided that none of the preceding grounds for requiring repayment have occurred, Alberta Innovates will not require the Applicant to repay portions of the Investment where a Milestone could not be completed, or one of the desired outcomes of the Project was not achieved, despite the best efforts of the Applicant. Alberta Innovates acknowledges that unforeseen technical issues and other delays may occur which are outside the Applicant's reasonable control, and for that reason the Applicant is offered the opportunity to request an amendment to this Investment Agreement, per the procedure set out in the Changes and Review Procedure in Article 6.

9.2 Repayment Obligation After Exceeding Stacking Limit

If the Applicant is subject to the Stacking Limit in Section 3.3, and if the Applicant exceeds such Stacking Limit at any time during the Term, Alberta Innovates may Elect to require the Applicant to repay any portions of the Investment paid in excess of the Stacking Limit.

9.3 Return by Applicant of Uncommitted Investment after Termination

Following termination for any reason, including termination with no wrongdoing or fault by the Applicant, and including the anticipated termination at the end of the Term, within forty-five (45) days of such termination the Applicant shall return to Alberta Innovates any portions of the Investment that have not been spent on or irrevocably committed towards Project Costs.

9.4 Interest and Repayment Terms

In any instance in which Alberta Innovates requires the Applicant to repay funds, such funds together with interest shall constitute a debt owed by the Applicant to Alberta Innovates on a dollar-for-dollar basis. Interest

on the repayable funds shall accumulate from and after the date Alberta Innovates demands repayment at a rate per month equal to one (1%) percent (or 12.6825% per annum) with interest on overdue interest at the same rate.

The Applicant shall repay all such debt plus accrued interest to Alberta Innovates within forty-five (45) days of the date Alberta Innovates demands repayment.

ARTICLE 10 - RECORDS RETENTION, AUDIT AND INSPECTION

10.1 Record Retention

The Applicant shall maintain or cause to be maintained full, accurate and complete records of the activities conducted in furtherance of, and the results achieved through the conduct of the Project, including accurate and complete records and books of account relating to the receipt and expenditure of the Investment ("Records").

The Applicant shall retain the Records for five (5) years following the end of the Term, unless its internal record keeping policies could prevent it from complying with such period, in which case the Applicant shall retain the Records for six (6) years from the date such Records were created ("the Retention Period").

10.2 Audit and Inspection Rights

Alberta Innovates shall be entitled at any time and from time to time during the Term and the Retention Period, upon reasonable prior Notice to the Applicant, to have its authorized agents attend at the Applicant's premises or at the location where the Project is being carried out, to:

- (a) audit or examine the Records ("Audit"); and/or
- (b) inspect the premises and assets pertaining to the Project ("Inspection");

to assess whether the Applicant has been and is complying with this Investment Agreement. The costs of any Audit or Inspection shall be paid by Alberta Innovates unless such Audit or Inspection reveals a Default or a failure by the Applicant to maintain proper Records or comply with this Investment Agreement, in which case the costs shall be paid by the Applicant.

The Applicant shall provide Alberta Innovates' authorized agents with all such assistance as may be reasonably required during such Audit or Inspection, including making and providing Alberta Innovates with copies of any Records as requested by Alberta Innovates. For clarity, such right of Audit and Inspection shall be limited to the purpose of ascertaining whether this Investment Agreement has been complied with, and Alberta Innovates will not have any general right to obtain custody or copies of the records of the Applicant except as contemplated by this Section.

Innovates' primary mandate includes supporting research and innovation for the benefit of Alberta and Albertans, including the development and commercialization of new and innovative technologies, and cultivating a world-class research and innovation system. In doing so, Alberta Innovates invests public dollars to support the projects it funds. For that reason, Alberta Innovates is required to report to the Government of Alberta on the use of grant funding, to ensure Alberta Innovates' mission and mandate are being achieved. Accordingly, notwithstanding anything else, Alberta Innovates is entitled to disclose any information about the Applicant and the Project to the Government of Alberta, including confidential information, this Investment Agreement, the Application, all Reports, Required Reporting Metrics (if any), and any Survey responses. 11.3 Disclosure to Alberta Innovates' Data Analysis Contractors

Alberta Innovates makes reasonable efforts to only share anonymized information including demographic information and performance metrics information, and seldom shares entire Applications or Reports. Such disclosure of confidential information to the Data Analysis Contractors shall be made on a confidential basis, and the recipients are bound by confidentiality obligations to Alberta Innovates.

11.4 Public Disclosure of Non-Confidential Information

As a public body, Alberta Innovates is required to report on and promote the success of innovation initiatives within the Province of Alberta. Notwithstanding this right, Alberta Innovates shall not publish the non-confidential portions of the Final Report for six (6) months following the Project Completion Date. If this period is not sufficient for the Applicant to protect its Intellectual Property, or to publish its results in an academic journal or trade industry publication, the Applicant may request a further six (6) month extension. Alberta Innovates will not unreasonably withhold or delay its

consent to such a request; and

(c) the information contained within the completed Required Reporting Metrics and Surveys, provided that prior to such disclosure Alberta Innovates aggregates and anonymizes such information by removing any identifying particulars of the Applicant. All such aggregated and anonymized information is deemed to be non-confidential for all of Alberta Innovates' purposes.

Alberta Innovates shall identify all such Funding Partners to the Applicant, and if such Funding Partners desire acknowledgement, shall provide such Funding Partners' required acknowledgement format to the Applicant; and

(d) shall not suggest or state that Alberta Innovates, the Ministry of Technology and Innovation, Economy and Innovation, or the Government of Alberta is a partner with the Applicant or endorses a Project, a party involved in the Project, or any goods or services sold by the Applicant or its partners in the Project. Alberta Innovates' financial support or investment in a Project in no way constitutes an endorsement of the

Project or the Applicant. Such suggestion or statement is strictly prohibited and may result in termination of this Investment Agreement by Alberta Innovates for Default.

Before issuing such publication, presentation or public message, the Applicant may obtain further assistance from the Alberta Innovates communications toolkit located at <https://albertainnovates.ca/impact/communications-toolkit/>, and may contact the Alberta Innovates' communications team for assistance at: Communications@albertainnovates.ca.

Such publications may include, but are not limited to, abstracts, or presentations to a journal, editor, meeting, seminar or other third party.

11.7 Freedom of Information and Protection of Privacy Act (Alberta)

Alberta Innovates is a public body governed by the *Freedom of Information and Protection of Privacy Act* (Alberta) ("FOIP"). In addition, if the Applicant is assisting Alberta Innovates with the administration of an Alberta Innovates program and as a result of providing such assistance has possession of any information that is the subject of a FOIP access request, then in order to comply with such access request, Alberta Innovates may require the Applicant to provide such information to Alberta Innovates within five (5) days of providing Notice to the Applicant of such requirement.

In the event an access request is received by Alberta Innovates, exceptions to disclosure within FOIP may apply, including exceptions for third party business information where such information was received in confidence and disclosure is likely to cause harm. both Parties will be relieved of their obligation to perform under this Investment Agreement (and such lack of performance will not constitute a Default) to the extent of, and for the duration of, the Force Majeure.

13.2 Payment Obligations Not Relieved

Notwithstanding the generality of Section 13.1, all payment, repayment and reimbursement obligations shall continue notwithstanding the Force Majeure unless:

(a) the Force Majeure prevents the Parties from satisfying any precursors to the relevant payments, including reviewing or approving any relevant Report, in which case the relevant payment duties are relieved pursuant to Section 13.1; or

The Applicant releases Alberta Innovates and its directors, officers, employees, contractors, agents, personal legal representatives and heirs from all such Claims, and waives any rights it might have to pursue such Claims against Alberta Innovates or its directors, officers, employees, contractors, agents, personal legal representatives or heirs.

14.2 Indemnity

The Applicant agrees to indemnify, defend and hold harmless Alberta Innovates and its directors, officers, employees, contractors, agents, personal legal representatives and heirs against and from any and all third party claims, demands, actions and costs whatsoever (including legal costs on a solicitor and his own client full-indemnity basis) that may arise directly or indirectly out of any act, omission, negligence, tortious act, or

wilful misconduct, of the Applicant or any of the Applicant Entities in relation to the Project or to their obligations under this Investment Agreement.

Further and without limiting the generality of the foregoing, in the event that any taxing authority, for whatever reason, seeks payment of any taxes from Alberta Innovates in respect of this Investment Agreement, then to the extent that any such taxes directly or indirectly result from the Applicant's receipt of the Investment, the Applicant agrees to indemnify Alberta Innovates for any such taxes, including any fines, interest, or penalties related thereto, and the Applicant further agrees that Alberta Innovates may set off an amount equal to any such taxes (including applicable fines, interest and penalties) from any portions of the Investment owing to the Applicant.

The Applicant shall not assign its rights or obligations under this Investment Agreement without the prior written consent of Alberta Innovates, which consent may be withheld in Alberta Innovates' sole discretion. If such consent is granted, then Alberta Innovates, the Applicant, and the assignee shall execute an assignment and novation agreement whereby the Applicant agrees to assign its rights and obligations to the assignee, the assignee agrees to assume such rights and obligations, and Alberta Innovates consents to such assignment and assumption.
