Instructions and Disclaimer

This Application form collects pertinent information about the Investment being requested. This enables Alberta Innovates to assess the merits of the proposed Application and its fit with our strategic priorities and corporate goals. The Applicant must complete the Application in its entirety. Applicants that fail to complete all mandatory sections may not be considered. It is essential that you read and understand the Program Guide before completing this Application. All capitalized words or terms which are not defined within this Application have the respective meaning as set out in the Program Guide or Investment Agreement. In this Application, the term “you” and “Applicant” are used interchangeably.

To complete this Application, move from left to right through the tabs above. If you require assistance in completing your Application, please contact the Alberta Innovates’ representative listed in the Program Guide. If you are unsure who to contact, please email inbox_grants@albertainnovates.ca.

The Application will be reviewed by experts who are within and potentially outside of Alberta Innovates. These experts will provide their recommendations to Alberta Innovates and Alberta Innovates may, at its sole and absolute discretion, provide constructive feedback to the Applicant based on the expert reviews. At no time will Alberta Innovates disclose information about the reviewers to the Applicant and the Applicant is not entitled to access or review the experts’ recommendations.

Alberta Innovates will use its reasonable efforts to inform the Applicant of the Investment determination made in respect of an Application in a timely fashion. Any failure to inform the Applicant of the Investment determination regarding an Application will not result in any obligation
or liability of Alberta Innovates to the Applicant or any other interested party.

Alberta Innovates has sole and unfettered discretion over its funding decisions, including but not limited to the decision to fund or not fund, or the amount, timing, and terms attached to such funding, and Alberta Innovates owes no duty of reasonableness to the Applicant regarding same. All decisions of Alberta Innovates, including but not limited to the decision to fund or not fund, are final, binding on the Applicant, and non-appealable. Alberta Innovates is not an administrative agency, commission, or tribunal, and as such the Applicant is precluded from seeking judicial review of any decisions of Alberta Innovates arising from its evaluation of this Application. Alberta Innovates receives a large volume of Applications. Accordingly, the Applicant acknowledges and agrees that it may be turned down for funding even if it meets minimum requirements for the program or other eligibility criteria. Alberta Innovates may decline to evaluate the Application at any time for any reason. Alberta Innovates also has the right, as determined in its sole and absolute discretion, to impose a life-time limit on the number of Applications an Applicant may submit.

By submitting this Application, the Applicant agrees to the foregoing and accepts that Alberta Innovates shall have no liability to the Applicant for any losses or damages the Applicant may suffer, sustain, pay or incur arising in any way from its engagement with Alberta Innovates or this Application.

Alberta Innovates will only provide copies of the Application, including any attachments, to the Applicant Representative. Accordingly, any change of the Applicant Representative should be to an individual who has the authority and permission to see the Application and any attachments.

**Freedom of Information and Protection of Privacy Act (Alberta) (“FOIP”)**

Alberta Innovates is governed by FOIP. This means Alberta Innovates can be compelled to disclose the information received under this Application, or other information delivered to Alberta Innovates in relation to a Project, when an access request is made by anyone in the general public.

In the event an access request is received by Alberta Innovates, exceptions to disclosure within FOIP may apply. If an exception to disclosure applies, certain information may be withheld from disclosure. Applicants are encouraged to familiarize themselves with FOIP. Information regarding FOIP can be found at http://www.servicealberta.ca/foip/. Should you have any questions about the collection of this information, you may contact the Manager, Grants Administration Services at inbox_grants@albertainnovates.ca.

**Publication of Non-Confidential and Aggregate Information by Alberta Innovates**
Alberta Innovates may (1) publish and/or disseminate in the public domain certain information contained within this Application to promote the innovation activities being supported by Alberta Innovates and/or (2) use certain information contained within this Application to verify information contained in this Application. On these bases, Alberta Innovates has deemed the contact information for the Applicant, the Applicant Representative, and any named Project partners listed in the Application, the Project Title and the Project Summary all to be non-confidential and subject to disclosure by Alberta Innovates in its sole discretion at any time.

In addition, Alberta Innovates may aggregate information within this Application for the purposes of reporting or dissemination in the public domain. For clarity, ‘aggregate’ means removal of personal identifiers such as names, locations and addresses of the Applicant and employees and combining such information with that of other Applicants.

Innovation Opportunity

In this section, describe the proposed Innovation related to this Application.
Problem/Challenge To Be Addressed

Explain and quantify the seriousness of the problem/challenge, from a customer/end-user perspective, that this Innovation aims to address:

Consider describing any current actions/initiatives currently addressing the problem.

600 word limit

Description of the Innovation

Provide a detailed description of the Innovation and how it may resolve the problem stated above:

Consider including results from literature reviews, previous studies and/or previous use of the Innovation to support its viability as a solution, along with a description of its current status. Consider providing an explanation of the novelty or uniqueness of the Innovation, what it does, and where it could be applied. If applicable, you may include any images to help support your discussion of the Innovation Opportunity. These images can be uploaded at the end of the Application under the Attachments tab.

2500 word limit

Identify the Technology Readiness Level (TRL) of the Innovation:

Current State: 1

At Project Completion: 2

Intellectual Property

Intellectual property (IP) types in this section include patents, trademarks, trade secrets, copyright and data.

Describe the existing intellectual property relating to this Innovation (add rows as needed):

Market Opportunity

For the following questions, provide supporting assumptions and/or calculations to qualify the information provided.

Describe the target market (e.g., customer type, geographic regions, etc.) for the Innovation, including possible secondary market opportunities:

Consider providing the Total Addressable Market (TAM) and Serviceable Addressable Market (SAM) for your Innovation, as well as providing references for any research you conducted to determine the market size.

800 word limit

Describe, compare and contrast your closest direct and indirect competitors:

Consider comparing your Innovation and/or business with your competitors. If appropriate, you may attach a Competitive Analysis table. This table can be uploaded at the end of the Application under the Attachments tab.
Describe the Innovation's value proposition and how you have validated interest to pay for and/or adopt the Innovation by potential customers/end-users:

Consider the value proposition for the paying customer, early adopters and other end-users. (E.g. saves time; better quality; easier to use; more convenient; minimizes risk; reduces pain; highly credible; socially responsible; saves money; etc).

Proposed Commercialization Pathway

Describe the pathway and resources needed to advance the Innovation Opportunity to achieve market readiness and/or adoption, including the estimated timeframe and what research and/or development remains to be completed:

Consider pathways such as technical, business, financial, regulatory, etc. Also consider the internal skillsets or operating capabilities within your organization (e.g., physical, intellectual and human inputs; infrastructure; equipment; information technology; etc.) that are currently missing and that are needed to make the Innovation a success.

Describe the major business, financial and technical risks that could arise along the commercialization pathway and what can be done to mitigate the risks:

Consider any legal, regulatory, development, market, and/or business model risks. When describing the risks, focus on addressing the pathway risks, as the Project-specific risks will be addressed later in the Application.

Will the Innovation require regulatory approval through an authority such as Health Canada, FDA, or European Commission?

Yes
Please justify your selection for initial target markets. If the innovation is regulated, what is the expected regulatory classification and preliminary intended use? If applicable, what are the comparables/predicates? If you have a regulatory opinion letter, please attach on the Attachments tab (Supporting Documents).

Impacts
Describe the direct and indirect economic impacts to Alberta as a result of this Project and those reasonably expected from successful commercial deployment of the Innovation:

Consider areas such as jobs (i.e., new jobs, retraining, development of highly skilled qualified personnel, etc.), sales, improved efficiencies, development of new commercial opportunities, new industrial infrastructure or new economic sectors, attraction of new investment, and increased exports.

300 word limit

Estimate the number of full-time equivalent jobs created within Alberta:

- During the term of the Project: 5
- Five years after the completion of the Project: 5
- Reasonably expected five years after commercial deployment: 5

Identify how this Opportunity and its outcomes will impact the health and well-being of Albertans. Information provided should be specific, quantitative, and attached to expected timelines and projections:

This should include specific identification of the population and/or the clinical setting(s) that will be impacted. From the operational perspective, this could include improved efficiencies, economics or occupational health and safety factors. For populations, outcomes could include improvement in quality adjusted life years or any other metrics relating to the health concern being addressed.

CONSENT AND DECLARATION

By submitting this Application, including any supporting documentation, I, in my capacity as the authorized Representative of the Applicant, legally represent for and on behalf of the Applicant that:

1. the Applicant provides its explicit consent to the disclosure of the information identified as non-confidential by Alberta Innovates in its sole discretion;
2. the Applicant Representative is legally authorized to submit this Application for and on behalf of the Applicant and has the requisite power to legally bind the Applicant;
3. the Applicant Representative has read and understands the Program Guide;
4. if the Program requires that you provide financial statements, and if the statements attached to this Application are unaudited internally prepared financial statements, the Applicant certifies that financial statements prepared on an audited or review engagement basis were never prepared for the period ended as at the immediately prior fiscal year end of the Applicant;
5. the Applicant meets all the eligibility requirements for an Investment under the Program as set out in the Program Guide;
6. the Applicant declares that it is not aware of any real, perceived or potential conflicts of interest, and will advise Alberta Innovates if such a conflict arises during the Application process and term of the Investment, if the Application is approved.
7. the Applicant agrees and consents to Alberta Innovates contacting the individual(s) or company(s) listed as customer(s) or Project partner(s) in this Application as part of Alberta Innovates’ evaluation of the Application;
8. all information contained in this Application including but not limited to the Project and supporting documentation, is true and accurate;
9. the Applicant acknowledges that failure to provide true and accurate information in this Application will result in automatic rejection of the Application;
10. submission of this Application does not obligate Alberta Innovates to make an Investment in the Project and Alberta Innovates has sole and absolute discretion in making its Investment determination; and,
11. if this Application is approved, Alberta Innovates and the Applicant must execute an Investment Agreement, which provides additional contractual terms and conditions governing the Investment made by Alberta Innovates, to the Project before Alberta Innovates will advance funds.

I confirm the truth of all statements made by me in this Application, and agree to all of the terms, conditions, responsibilities and obligations as set out above.
