Continuous Intake

About Alberta Innovates

Innovation is the catalyst for sustainable jobs, economic and community strength, improved health and environmental benefits. [Alberta Innovates](#) leads and accelerates innovation from discovery to use across all sectors in all parts of the province. As Alberta's largest research and innovation agency, we are uniquely positioned to propel great ideas forward to improve the lives of Albertans today and for generations to come.

Alberta Innovates believes the research and innovation (R&I) ecosystem is stronger and more sustainable when it is broadly representative of the overall diversity of our community. We strive to ensure that all interested and qualified parties have an equitable opportunity to participate and contribute to the ecosystem and that our processes are inclusive.

The projects that our programs invest in are critical to how Alberta Innovates achieves positive impact for Albertans in alignment with the Government of Alberta's R&I priorities, as expressed in our corporate Business Plan. (See the most recent Business Plan on our [Publications](#) page on our website.) Accordingly, it is essential for project outcomes to align with those of the program.

The Voucher Program is managed through the Entrepreneurial Investment business unit within Alberta Innovates. The Entrepreneurial Investments unit supports innovation across all sectors in Alberta through Coaching, Community and Capital to help Alberta businesses commercialize new technology and grow our province's economy. Through our funding programs, the [Entrepreneurial Investment](#) business unit invests in high-growth, high-potential companies that will become self-sustaining and positioned to provide economic and social benefits to Alberta..

Program Overview

The creation of new technology and knowledge-based products and commercializing that innovation is critical to Alberta's global competitiveness. Reducing time to market and taking a product to commercialization is an explicit priority for technology and knowledge-based research and development. Access to non-dilutive funding that de-risks technology or knowledge-based product development has been identified as a critical success factor. Alberta Innovates developed the Voucher Program (the "Program") to encourage high potential, high growth small and medium sized enterprises ("SMEs") with novel, promising technologies, strong management and an identified product/market fit to accelerate new product commercialization. The purpose is to de-risk feasible technological solutions, support emerging technologies and serve as a catalyst for the development and implementation of innovative technology products that can generate economic, social and environmental benefit for Albertans. The Program is part of a suite of SME funding programs we offer that are focused on the commercialization of technological solutions

The objectives of the Voucher Program are to:

- Increase technology industry business development activities & outcomes
- Create globally competitive SMEs and large-scale enterprises
- Provide access to financial resources to accelerate commercialization
- Provide access to business expertise to progress technology readiness level and commercialization

The key outcomes (i.e., measurable effects) the program will accomplish for the benefit of Albertans are:

- Net jobs created
- Revenue/export growth
- Technology progression & scale-up
- Economic diversification
- Socio-environmental benefits to Alberta

Funding

The Voucher Program provides support within the range from \$10,001 to \$100,000.

The applicant must hire a service provider, up to three, for a maximum one-year project to advance their technology closer to commercialization

- The applicant is required to contribute a minimum 25 percent cash contribution to the total eligible project costs
- Funding is paid directly to the applicant and disbursed upon receipt and approval of milestone-based reports, over the project term

- Alberta Innovates encourages co-funding of Projects with other funding agencies but employs a stacking limit to ensure there is sufficient financial commitment from the Applicant.

The stacking limit is employed as follows: the maximum level of total government assistance, whether from federal, provincial/territorial, or municipal sources, cannot exceed 75% of the eligible Project costs.

Funding is sent directly to successful applicants who are required to pay service providers.

Alberta Innovates only funds reasonable costs incurred after an Investment Agreement is signed by Alberta Innovates and the Applicant. Any costs incurred prior to the signing of the Investment Agreement, and costs greater than market prices, are ineligible. Costs must be incurred between arm's-length entities. Please refer to Schedule B in the Investment Agreement posted on the [The Voucher Program web page](#) for detailed information, including eligible and ineligible expenses.

How to Apply

The Program will accept applications will be accepted on a continuous basis.

Step 1: Project Scoping

An Applicant identifies the Project need and obtains quotes from up to three service providers to complete the Project.

All interested applicants are strongly encouraged to engage with a Technology Development Advisor (TDA) prior to applying online. TDAs are available to provide guidance and coaching and assess an applicant's Voucher readiness. They can recommend suitable alternative Alberta Innovates funding programs and help direct applicants to external funding opportunities

Step 2: Application & Evaluation

Access and submit the application form on the [online application portal](#) at any time.

Applications outline:

- Current state of the opportunity
- Applicant's business readiness
- Participation of a service provider
- Intended project and benefits
- Applicant's current financial state

Evaluation Process

All applications are reviewed and evaluated to determine fit with the Voucher Program objectives and intended outcomes. Alberta Innovates staff and external expert reviewers are engaged to evaluate Applications.

Alberta Innovates evaluates submitted Applications to the Voucher Program based on the technology, the business opportunity, applicant risks and the overall potential size of the return to Alberta against the performance outcomes. A variety of common business and technical factors such as: the management team, market conditions, competitive advantage and product/market fit, go to market plan, financials, technical feasibility and export potential are also considered.

Alberta Innovates retains the sole right to determine the evaluation process and assessment criteria and does not disclose the names of its reviewers to ensure their objectivity and impartiality. Internal and external parties involved in the evaluation are subject to confidentiality and conflict-of-interest policies set by Alberta Innovates.

All investment decisions are at the sole discretion of Alberta Innovates.

Performance Measurement

Alberta Innovates invests in research and innovation activities on behalf of Albertans to help build a healthier, more sustainable and prosperous future for the province.

To maximize the impact of these investments, our funding is tied to achievement of results and outcomes. For this reason, Alberta Innovates funds on a milestone completion basis. This means the Applicant must submit a Progress or Final Report and demonstrate sufficient progress before Alberta Innovates advances the next milestone payment.

The Investment Agreement outlines the responsibilities the Applicant has in reporting Project outcomes to Alberta Innovates over the course of the Project and following completion of the Project. Outcomes of the Project may be monitored for up to five years after Project completion, so Alberta Innovates can evaluate the economic, social, health and/or environmental benefits to Alberta resulting from our investments.

Alberta Innovates has a common set of performance metrics it monitors, both at the individual Project level and for the aggregate Program. These metrics may evolve over time.

Terms and Conditions

Once we have evaluated and approved an application for funding, Alberta Innovates will require the Applicant to sign our standard-form Investment Agreement. A copy of the Investment Agreement is available on the Alberta Innovates [website](#) for your reference.

The Investment Agreement sets out in detail the roles, responsibilities and obligations of the various Parties to ensure a successful Project. Alberta Innovates will not provide any funding until the Investment Agreement has been signed by all Parties.

Alberta Innovates will only fund Applicants who have satisfied all eligibility criteria. Meeting the eligibility criteria does not guarantee access to funding, and all funding decisions will be made by Alberta Innovates at its sole discretion.

Alberta Innovates will only correspond in writing and provide copies of the Application to the person named in the Application form as the one authorized to speak for the Applicant.

Should you have any questions about this guide or what is expected, please contact Alberta Innovates (see contact information below). Please note that Alberta Innovates may modify this guide from time to time in keeping with any changes to the program.
